Website healthability.org.au

healthAbility respectfully acknowledges the Traditional Owners of the lands on which we operate, the Wurundjeri-Woiwurrung people of the Kulin Nation and their connections to the land, waterways and community. We pay our respect to their ancestors and Elders past, present and emerging and to the Aboriginal and Torres Strait Islander peoples who we engage with and deliver programs and services to every day.

We are committed to inclusive communities.

EASTERN MELBOURNE
An Australian Government Initiative

This initiative is funded by the Australian Government under the PHN program.

Are you older and finding it hard to get the supports you need?

Speak with a friendly Service Connector

Service Connection is part of the Care Finder Network and is proudly delivered in partnership by healthAbility and Access Health & Community

If you are getting older and without anyone able to support you to live safely, comfortably and well, our friendly and trusted Service Connectors can help.

A Service Connector can meet with you, where you like, and talk about your situation to understand what you may need. This could be anything from getting help around the home, support with shopping or having your groceries delivered, having a nurse visit, or arranging for someone to have a coffee or share an activity with.

This could include linking you with local community centres, aged care service or whatever you like. Service Connection is available to people living in the cities of Boroondara, Banyule, Nillumbik, Whitehorse and the lower areas of Murrundindi.
