AT BAPTISTCARE, IT'S

People First

As a leading not-for-profit Christian-based care organisation, BaptistCare has been delivering exceptional, person-focused care to older Australians since 1944.

With a range of services available to suit your needs, we strive to deliver care as it should be – with people right at the centre.

Whether you are seeking additional support at home, residential aged care services, or the close-knit community of a retirement village, BaptistCare customers can rely upon care that promotes independence, quality of life and a true sense of belonging.

What matters to you, matters to us.
It's because we care, we put people first.

Residential Aged Care Homes

Our Residential Aged Care Homes provide person-centred care, focused on enhancing wellbeing and quality of life.

Our homes are strong and supportive communities, with caring, attentive staff who will welcome and support you as you settle in. Our round-the-clock care is tailored to meet your individual needs and preferences.

We support people with dignity and respect, whether you are independent, have complex clinical needs or require dementia care, right through to end-of-life palliative care. Our dedicated team is here to partner with you and your family, providing a holistic approach to ensure that you are well cared for, feel safe, and are living well.

Engaging Lifestyle

The lifestyle program offers a range of activities, and residents have the option to participate in as much or as little as they like. Our range of daily group activities, which includes trips and outings, are great for those keen to socialise and get out and about. We also try our best to cater to everyone's interests and hobbies.

Everyday Comforts

To make life easy, we take care of all the little household jobs. From daily room cleaning and tidying to laundry services, we're here to make your everyday more comfortable. Your nutritional needs are also completely catered for, and your favourite dishes are prepared fresh every day.

Our MyTeam[®] Approach

Our MyTeam[®] approach brings together residents, their families, and care workers in a partnership that ensures each person receives care from the same group of team members. This continuity of care enables deeper connections, a better understanding of residents' needs and preferences, and support for a meaningful life.

Home Care is now so much more than just helping older people to stay living at home. If you love living at home and would like some support to stay there, you may be eligible for Government-funded Home Care Services.

Our Well-Living approach to Home Care will help you to picture what is possible, then achieve it.

Services are delivered by a dedicated Care Facilitator and group of Care Workers, Registered Nurses, Allied Health professionals including Occupational Therapists and Physiotherapists, Dementia and Palliative Care experts and an experienced local management team.
